History

Chicopee, Massachusetts, was first settled in 1638, the first of the settlers probably being Henry and Japhet Chapin, sons of Deacon Samuel Chapin who was one of the early settlers of Springfield. It was incorporated as a town in 1848 and as a city in 1890. When incorporated as a town, Chicopee had a population of 7,861 and the population of the city according to the Federal Census of 1930 was 43,930. The city has grown continuously and steadily as an industrial community. It has excellent water and electric power facilities and is noted for the skill of its workmen.

Service Institutions—Public utilities in the city are well organized and render efficient and economical service to the citizens. The city has excellent water facilities which are efficiently handled by a municipal water works department. Electric light and power are furnished by the Chicopee Electric Light Department, a municipal institution and its rates both for private and power use are the lowest in the state. The Springfield Gas Light Company furnishes gas at reasonable rates. Transportation facilities are furnished by both the Springfield and Holyoke Street Railways which operate busses on all the main arteries leading to and from the city.

Chicopee is noted for its splendid educational system, the cost of education in the city being almost the lowest in the state. It has a splendid high school, and twenty-four junior high and elementary schools, with seven parochial schools. About 10,000 pupils attend both the public and parochial schools. The College of Our Lady of the Elms, a Catholic institution, is also located in Chicopee. Outstanding in training men and women in modern trade schools for war work. Placing over 2,000 in defense factories in Chicopee and vicinity.

Financial Situation—The city has reduced its bonded indebtedness to $571,000, of which $229,000 is for Water Mains and Filter Plant, and payable exclusively from Water Department Revenues, so that the Net Debt payable from tax levies is $324,500.

In 1945 and 1946 all Tax Anticipation Notes were paid in the same year the loans were negotiated, Chicopee being one of the very few cities in the Commonwealth to accomplish this.

The financial condition of the city is excellent. Barring unforeseen emergencies, it will soon be practically free of debt, with bright prospects for a prosperous future.

Civics and Welfare—The city has a very fine record for health and sanitation. It has two hospitals, one private and the other being municipally owned for the care of infirmary patients.

Westover Field, the largest Airbase in the Northeast area, is permanently located in Chicopee.

"What You Should Know About Your City"

"The helpful kind of patriotism is the kind that grows out of a knowledge of one's town, of her growth, her people, her property, her government, and her needs. This knowledge develops, first an intelligent interest; then, a sympathy; then, a reasonable affection, a wise and temperate jealousy for her good name and a wish that she may prosper and grow more beautiful; and finally, a desire to help her to become greater and finer, a bright and clean workshop and a home for the best of men and women."

—John Cotton Dana.

SPALDING

This is one of the world's best known, most respected trade-marks. It has been the mark of the Pioneer in the sports equipment field since 1876. It is the symbol of an organization that has kept the faith with the Athlete, the Instructor and the Spectator for three generations.

Today, as always, every piece of athletic equipment bearing this trade-mark is accepted without question in America — and throughout the world — as the finest.

THE SIGN OVER YOUR DOOR

Is a good thing, isn't it? You would not think of doing business without it.

BUT IT IS ONLY SEEN BY THOSE WHO PASS YOUR WAY

If you could put a sign where everyone could see it would it interest you?

THE CITY DIRECTORY

Is where people look for you when they want to do business. You should make it easy for them to find you, by putting such information as a buyer wants, in the Directory properly indexed under all headings where he might look for you.

To be properly registered costs less than to be left out

THE PRICE & LEE CO.

Free Service Directories of various Cities in the United States and Canada are maintained by The Price & Lee Co. for your convenience at

365 DAYS ON THE JOB

IS the **City Directory.** If your business is fully displayed in it there is no doubt as to the benefit to you.

CHICOPEE, FAIRVIEW, WILLIMANSETT NUMERICAL DIRECTORY

EXPLANATORY NOTES

The streets are arranged alphabetically with their descriptions, each description followed by a numerical arrangement of householders, places of business and street intersections. (Arranged by rotation where no numbers have been assigned.)

The abbreviation r between the street number and the name signifies "rear."

The word "vacant" after a number signifies that the house, office or store at that number was vacant when the canvass was made.

△ Indicates telephone at this number.

"Right odd" after street description indicates odd numbers on right side of street.

The symbol ◎ following a householder's name indicates that information has been secured during the canvass that the house is owned by some member of the family, but as the publishers cannot and do not guarantee the correctness of the information furnished, nor the complete absence of mistakes, no responsibility for errors can be or is assumed, nor can the publishers furnish further information than that shown.
